

DAZZLING SWITCHES

Legrand India offers their latest range of switches called the **Bticino Axolute**. In collaboration with **Swarovski**, Bticino Axolute from Legrand has created a truly superlative and bespoke product range. An elegant offering, created with the vision to lend opulence to interiors, these switches are a benchmark for luxury.

Mixing luxury and exquisite craftsmanship, the Axolute cover plates have been manually embedded with striking Swarovski crystals. It is available in two finishes – clear crystals on shiny chrome base and light peach coloured crystals on titanium base.

The variety of aesthetics, elegant finish and classy sophistication make it the right fit to decorate interior landscapes of modern villas, luxury residences, premium hospitality chains, office showrooms and buildings.
