

Radio pocket remote control

5738 70

Description

Remote control for scenario management.

Technical data

Life cycle of the battery: 5 years in stand by with plastic control

Power supply: 1 CR2032 lithium battery, 3 V

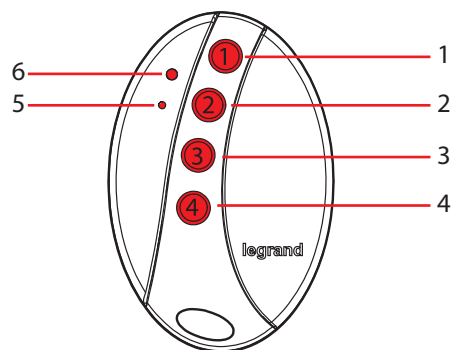

Technology: 2.4 GHz Radiofrequency ZigBee Certified Product

Manufacturer Specific Profile MESH networking

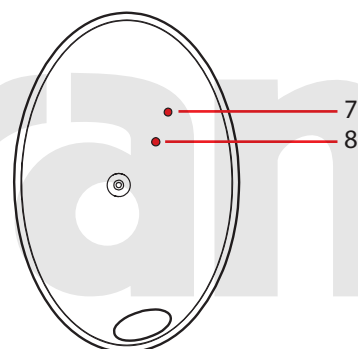

Performance: 150 m far field, in point to point communication

Operating temperature: -45 °C
