

# Alpivar<sup>2</sup> racks

## ■ Technical specifications

### Loss factor

Standard and Heavy duty type Alpimatic racks have a loss factor of 2 W/kVAr, while that of Heavy duty capacitor with series reactor type racks is 6 W/kVAr

### Standards

- International standard: IEC 60439-1
- European standard: EN 60439-2

### Temperature class

- Operation: -10 to +45 °C (average over 24 hours: 40 °C)
- Storage: -30 to +60 °C
